About the Foundation

Здорове майбутнє

The Healthy Future Charitable Foundation is a non-profit organization working in the field of charitable and social assistance to medical institutions of Ukraine.

The work of the Foundation is aimed at specific tasks and goals and always has a specific address. This allows not only to direct funds to solve a problem, but also to clearly control how they are used. Dozens of hospitals and maternity hospitals that are in dire need of financial support receive our targeted charitable assistance.

Здорове майбутнє

Mission

The main mission of the foundation is to assist in the creation of modern affordable medical care for every citizen of Ukraine: from residents of small towns and villages to the population of large metropolitan areas.

Здорове майбутнє

Foundation goals

The goal of the foundation is to equip medical institutions of various profiles with modern equipment and provide assistance in the development of modern technologies.

Здорове майбутнє

Our projects

Здорове майбутнє

Vinnytsia Regional Clinical Endocrinology Center

900 disposable 10 ml safety syringes, 8000 disposable 5 ml safety syringes, 4000 disposable 3 ml safety syringes, 300 disposable catheters with applicators have been delivered to the medical facility.

Здорове майбутнє

Oleshkiv boarding home

The Healthy Future Charitable Foundation, together with Permobil company, donated a batch of orthopedic wheelchair pillows to the orphanage free of charge.

Such pillows will help in the formation of correct posture, as well as in the prevention and treatment of diseases of the musculoskeletal system.

Neonatal Center of Lviv Regional Clinical Hospital

At the expense of sponsors, the Healthy Future Charitable Foundation has purchased and installed the latest generation automatic washing and disinfecting machine.

The device allows you to quickly and efficiently perform pre-sterilization treatment of instruments, as well as washing and disinfection of necessary medical devices.

Здорове майбутнє

Kyiv City Clinical Hospital No. 4

During the COVID-19 pandemic, the Foundation provided the necessary diagnostic equipment and materials to the hospital: automated portable nucleic acid detection system IPonatic - 1 pc., diagnostic kits for detecting the nucleic acid of the coronavirus (2019-nCoV) - 9 pcs., reagent kits for sample extraction - 9 pcs.

The equipment and materials allowed the hospital to conduct PCR diagnostic tests in a timely manner and significantly reduce the number of complications and deaths in patients infected with the coronavirus.

Communal Emergency and Rescue Service "Kyiv Rescue Service"

To support the implementation of anti-epidemic measures and the prevention of the emergence and spread of COVID-19 among residents and guests of the capital, the Foundation donated 80,000 high-quality disposable medical masks to CERS KRS in the form of charitable assistance. The donated masks helped eliminate life and health hazards for both rescuers and the people of Kyiv.

State institution "Kyiv City Laboratory Center of the Ministry of Health of Ukraine"

The fund purchased and donated the following equipment to the virological laboratory of the State University of the Ministry of Health of Ukraine in the form of charitable assistance: MicroAmp 96 Well Reaction Plate 10/Pkg - 28 packages of 10 pcs., optical film MicroAmp TM Optical Adhesive Film, 25/Pkg pcs., self-adhesive films Self-adhering PE Foil (50) – 6 pieces. The materials ensured the timely processing of the growing number of Kyiv residents who were referred for a free examination by the PCR diagnostic method.
